About Shoot For A Cure

The Gene Johann Memorial Trapshoot dubbed, "Shoot for a Cure," began as a tribute to a friend who lost a two year battle against colon cancer in 1990. Established in 1937, the Hartford Conservation and Gun Club (HCGC) has been fighting pediatric cancer since 1992 when the club partnered with Women for MACC (Midwest Athletes Against Childhood Cancer) to raise funds for research. This Million Dollar event is held the last weekend in August.

Saturday's Events

- Corporate five-person shoot/cost \$250
- Complimentary pig and beef roast buffet-12pm-3pm
- Additional contests (Previous events have included a chance to shoot for cash awards.)

Sunday's Events

- Individual pledge event
- Youth team event (18 + under)/cost \$125
- Gun club team challenge (area clubs compete)
- Fire department team challenges (area fire departments compete)
- Area celebrities are paired with youth team participants in an entertaining and competitive event.
- Additional competitions throughout the day.

Both days include raffles and a silent auction with something for everyone! Items include tickets to area sporting and cultural events, sports memorabilia, electronics, sports equipment, airline tickets and more.

Information:

For questions or additional information, please contact Gary DeSmidt at (262) 692-9265 or at trapshooter@netwurx.net or Kevin Rosenbaum at (262) 673-0451.

About The MACC FUND and WMACC

The MACC Fund was founded in 1976 by Jon McGlocklin and Eddie Doucette. At the time, Jon had just retired from the Milwaukee Bucks and Eddie was the Bucks play-by-play announcer. Eddie's son, Brett, had been diagnosed with cancer in 1974, which brought about the birth of the MACC Fund. Brett is now married and living a full life in Arizona and is considered the MACC Fund's first success story.

Thanks to the generosity of tens of thousands of people, over \$40 million has been contributed to pediatric cancer and related blood disorders research by the MACC Fund. This research is shared on a national and international basis, allowing children everywhere to benefit from its success.

The MACC Fund supports research in the six-story *MACC Fund Research Center* of the Medical College of Wisconsin, at the *UW Carbone Cancer Center* where research is conducted in the *MACC Fund Childhood Cancer Research Wing* and in the *MACC Fund Center for Cancer and Blood Disorders* at Children's Hospital of Wisconsin. The MACC Fund raises funds through annual events and from personal, corporate and foundation gifts. You are welcome and encouraged to join us at any of our functions throughout the year. Please call the MACC Fund office at 414.955.5830 or 800.248.8735, or visit us at www.maccfund.org for current information.

Women for MACC is a non-profit, charitable organization made up of the mothers, siblings, relatives and concerned individuals of children who continue to battle cancer and other related blood disorders, or whose lives were tragically cut short by these killer diseases. The road toward a cure is a long one, but since our founding in 1982, we have helped to shorten the journey by contributing over \$4 million to the MACC Fund for crucial pediatric cancer research.
