2013 Tri-State Forest Stewardship Conference

Schedule of Presentations

Presentation Abstracts and Speaker Biographies
available online at www.extension.iastate.edu/forestry

We are again running workshop sessions in the “A” program during the morning and afternoon sessions. These two-hour workshops have limited enrollment and are on a first-come, first-served basis. The remaining five programs per session are offered as 60-minute sessions. If you are successful in signing-up for a workshop session, you will receive a ticket in your check-in packet. This ticket will be your proof of advance workshop registration. Please choose a program talk for each session and please mark your preferences on your registration form. Remember that both the **Fly Tying and Fruit Tree Grafting Workshops** have limited seating, so register early. Additional fees will apply for both these workshops in order to cover the cost of materials, which of course you will be allowed to keep!
